

## TECHNICAL DATA SHEET

### Battery model Gel 16

### Intact Gel-Power

Nominal voltage	12 volts
Capacity (5H at 25°C)	14 Ah
Capacity (20H at 25°C)	16 Ah
Capacity (100H at 25°C)	18 Ah
Approx weight "filled and charged"	6,0 kg
Electrolyte	diluted sulphuric acid fixed in gel
Electrolyte density	1,28 +/- 0,01 Kg/l (25°C)
Design	grey PP box, grey cover, vent plug
Base hold-downs	B00
Dimensions	181 x 76 x 167 mm (length x width x height)
Layout	0
Technology	gel technology
Separator	Microporous pocket separator
Terminal type	G
Degassing	maintenance-free
Applications	Motorcycle, boats, leisure and sport vehicle, rehab
Cycle stability	yes, 500 cycles according to IEC 254-1
Guarantee	starter use: 24 months cyclic use: 12 months
Delivery state	flooded and charged
