

TECHNICAL DATA SHEET

Battery model Gel 40B

Intact Gel-Power

Nominal voltage	12 volts
Capacity (5H at 25°C)	33 Ah
Capacity (20H at 25°C)	40 Ah
Capacity (100H at 25°C)	41 Ah
Approx weight "filled and charged"	14,5 kg
Electrolyte	diluted sulphuric acid fixed in gel
Electrolyte density	1,28 +/- 0,01 Kg/l (25°C)
Design	grey PP box, grey cover, vent plug
Base hold-downs	B3/B4
Dimensions	210 x 175 x 175 mm (length x width x height)
Layout	0
Technology	lead/gel technology
Separator	microporous pocket separator
Terminal type	A-pole
Degassing	maintenance-free
Applications	boats, car, wheelchairs, camper
Cycle stability	yes, 500 cycles according to IEC 254-1
Guarantee	starter use: 24 months cyclic use: 12 months
Delivery state	flooded and charged
